

Medical Waste Disposal

An essential service at no cost

We offer **FREE** medical waste disposal to our clients.

One of the biggest challenges of running a pet healthcare facility is waste disposal. Veterinary hospitals generate various waste streams including 'red bag' biohazardous waste, sharps containers, blood and bodily fluids, to name a few. Most of these come with specific regulatory requirements. We can help you with your disposal needs and maintain your mandatory compliance documentation.

Regulated medical waste disposal:

- Sharps
- Chemo

Please call (713)823-1002 to request a new service call or for more information.

Helps to improve your bottom line!
